

PLEASE LOOK AT EACH LARGE BOARD AND ANSWER THE FOLLOWING QUESTIONS:

Name: _____.	optional
Road: _____.	optional
Email: _____.	optional

BOARD 3

BOARD 4

What is a Neighbourhood Development Plan?

What is your vision for Gotherington Village?
What sort of development might be needed in the short, medium and long term to cope with housing needs, community needs, traffic management and conservation management?
What sort of new community facilities might be needed?
Where should new housing development be located and how might it be phased?

Gotherington Vision Statements

Choose <u>one</u> of these examples or let us have your own.	
<p>Version 1 <i>We should preserve the village as a distinct community with all the advantages this brings and at the same time provide for the needs of its residents of whatever age. We should allow for change while ensuring that it does not compromise the natural assets of the village in terms of landscape and history.</i></p>	Yes: <input type="checkbox"/>
<p>Version 2 <i>Gotherington to continue to be a vibrant, safe and caring community where residents enjoy living and at the same time continue to preserve the identity of Gotherington being a distinct Cotswold village. Future development to reflect the identity of existing settlements and the area's rural character that has blossomed over 12 centuries.</i></p>	Yes: <input type="checkbox"/>
<p>Version 3 <i>Gotherington should continue to evolve as a vibrant, inclusive and caring rural community with its own distinct and separate identity – a place fit for future generations of like-minded people. Evolution and progress appropriate to 21st century living should be encouraged while housing development should reflect the needs of the village but take account of the size, location and character of Gotherington.</i></p>	Yes: <input type="checkbox"/>

Please give us your views

BOARD 5

Principles applied to an NDP

Should development cause the village boundary to draw nearer to Bishop's Cleeve?

Yes:

No:

Should Gotherington remain a linear village, or be centrally developed?

Remain linear:

Centrally developed:

Outside of village:

Edge of village:

Within village:

Should development only be allowed where heavy rainfall has caused:

Flooding:

A little flooding:

No flooding:

Should development be allowed in these areas? (please tick)

Not AONB or SLA

AONB:

SLA:

How important is it that any future development is near to the shop, the village hall, the school or pub?

Very important:

Not important:

How important is it that any future development is near to a bus stop or bus route?

Very Important:

Not important:

Should development be allowed if it has an impact on local views?

Yes:

No:

How important is it to ensure future development does not affect existing neighbours?

Very Important:

Not Important:

Should development be allowed if it has an impact on listed buildings or other heritage assets?

Yes:

No:

BOARD 8

Housing

There will certainly be some house building in the future so let's work together to ensure it's what we want.

What do you think would be the right housing mix (bungalows, 3 to 4 bedroom houses, etc) up to 2031?

Where do you think development could take place, and why?

Where do you think development should not be allowed?

Would you downsize in Gotherington if you had the opportunity?

Yes:

No:

BOARD 11

Gotherington Environment

What particular views of the surrounding landscape do you consider important to preserve?

What particular spaces do you feel should be preserved and protected?

Would you like to see additional trees planted, and if so where?
